## TINA SAYS...

“Fylde voters have much to consider at this crucial time. Fracking is now a major threat. Industrialisation could put both Fylde’s farming and tourism industries at risk. This is not just about damaging our environment, our roads and the health of our communities – particularly the most vulnerable. It is about supporting local democracy against overbearing government. This is why I have campaigned for six years for local voices to be heard on this issue. It’s a tough challenge, and I would appreciate your ongoing support.”

## THIS ELECTION ISN'T ABOUT THE NEXT 5 YEARS. IT'S ABOUT THE NEXT 50 YEARS.

The Green Party is offering real opposition to this Government’s extreme Brexit. Only the Green Party has the vision to deliver an alternative future for our country, and our place in the world. And only the Green Party offers a different kind of politics.

Every Green vote on 8th June will **help make that vision a reality.**

To shape an economy for everyone while preserving a safe environment. To build affordable homes and provide properly funded public services. And to put power back in your hands through a citizens’ democracy.

If you agree with us, stand with us. The Conservatives think they have this election sewn up. But it’s in your hands. Stand with us for housing, schools, our NHS, our environment, and our future. We stand up for what matters.  
**Vote Green Party on 8th June.**
